

## **Clearwater Homes Recommendation**

We first met with Troy Walker in 2021. We had purchased the perfect piece of land and we wanted to build our dream home on it.

Troy reviewed the design and met with us on several occasions. Since, like most people, we did not have an unlimited budget, cost saving was paramount. From the very first meeting Troy's expertise and extensive industry experience was evident. We felt that he heard us. He truly went out of his way to make our wish list a reality, while making cost saving a priority.

He was always quick to estimate costs and get back to us with numbers.

The contractors that were hired for the job were excellent. It was evident that Troy have built strong relationships with the people he used, but he also insisted on quality workmanship, and fought on our behalf to get great results.

Troy is an honest builder, a man of integrity and is skilled in his art. We had the privilege of getting to know him better through this process and have become good friends.

We recommend him whole heartedly!
